Lameda789@gmail.com

A junior developer with a strong command of HTML and CSS, at least one year of experience, and some knowledge of JavaScript. I've worked on a variety of projects, both solo and collaborative, where my exceptional HTML and CSS skills have been put to use. I'm also familiar with how to utilize GitHub and Git because I've used both programs when working on both solo and group projects.

PERSONAL DETAILS

Date of Birth: 12/12/1997
State of Origin: KWARA
L.G.A: IFELODUN
Nationality: NIGERIA
Marital Status: SINGLE

EDUCATIONAL BACKGROUND

Usmanu Danfodiyo University   **Sokoto, Sokoto State** November
Bachelor's Degree (MICROBIOLOGY)   2014 - September 2018

EMPLOYMENT HISTORY

TIIDELAB   **Abuja**
Prefellowship Cohort   March 2022 – April 2022
Using only HTML and CSS, I was able to construct and launch both my personal web portfolio and a contact page for an e-commerce website within the duration of the program. During the program, I was also able to hone my skills in using Git and GitHub because my team and I were given a group project where the requirement for cooperation necessitated the usage of these tools.

TIIDELAB   **Abuja**
Cohort 4 Fellowship   JUNE 2022 – presently

React and JavaScript are two new frameworks I'm learning while working as an intern at TIIDELAB. I'm also brushing up on my soft skills, which will help me evolve into a developer who stands out both technically and intellectually.
